

Beautifully BOHO

Learn how to thread up some earthy bohemian charm with this step-by-step necklace tutorial.

Natural Boho Necklace

{CREATIVE INSPIRATIONS *free* FROM HOBBY LOBBY®}

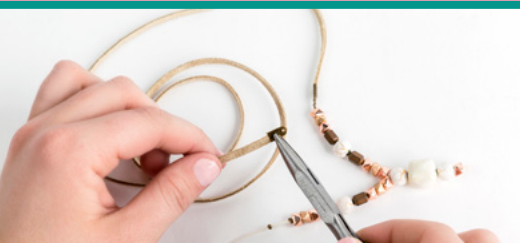

SUPPLIES

- Waxed cord
- Suede lace
- Metallic thread
- Cone bead
- Scissors
- Jewelry findings kit
- Ribbon crimp closures
- Flexible beading needle
- Assorted beads
- Jewelry tools

Note: We didn't need the clasp and chain from the ribbon crimp findings, so we just removed them.

Step 1: String beads on waxed cord as desired, and secure with crimp beads. Add a second crimp bead to each strand, but don't crimp yet.

Step 2: Cut suede lace, and attach ribbon crimp findings to each end. Thread cording through ribbon crimp, and then down through un-crimped bead from step 1. Secure crimp bead, and repeat on other side.

Step 3: Make tassel using metallic thread, and connect to an eye pin. Slide cone bead over eye pin, covering top of tassel.

Step 4: Using jewelry pliers, trim eye pin, leaving just enough to create a loop. Hook loop onto base of necklace, and close.
